

Motivating our Spanish-speaking students to take their learning further

Using an engaging and game-like environment, **BeeReaders Español** fosters a love of reading. Our unique BeeReaders Badges encourage students K-12 to develop reading habits that can carry over into and enrich as well as transform their everyday lives!

From badges that motivate students to read regularly, to those that reward consistent reading and performance achievements, the BeeReaders reward system strengthens Spanish-speaking students' reading skills while stimulating their imaginations.

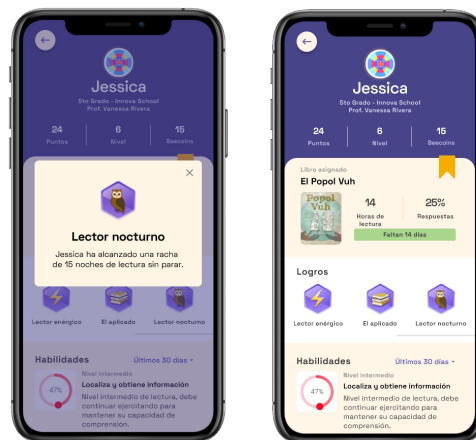

As new badges, medals, and trophies are earned, they are visible on the student dashboard, offering positive feedback experiences and encouraging students to continue to explore and grow!

Involved parents play a key role in their student's success.

Parents can see their children's accomplishments as well in the Family App!

See the types of BeeReaders achievements that students can earn while connecting with our authentic Spanish content!

A teacher and three students are gathered around a tablet in a classroom. The teacher, a woman with long brown hair wearing a blue shirt, is pointing at the screen. A girl with long brown hair and freckles, wearing a purple shirt, is looking at the tablet with a smile. A boy with short dark hair is on the left, and a girl with a braid is on the right. The tablet displays the BeeReaders Español app interface, which includes a green header, a list of articles with images, and a bottom navigation bar. Overlaid on the image are several colorful icons: a green diamond, a green four-leaf clover, a yellow sun with a star, a red lightning bolt, a yellow trophy, and a purple hexagon with a bar chart. Yellow stars and rays emanate from the tablet screen.
