

Fostering a love of reading for your youngest learners!

Our New K-1 Authentic Spanish Content Builds Foundational Reading Skills in Our Fun and Adaptive Digital Learning Environment

Build foundational Spanish reading skills from the early grades with resources to meet the needs of your young bilingual emergent and beginner students!

Our BeeReaders' authentic Spanish books for K-1 students focus on building the following skills and include:

Fonética	Decodable	Read Alouds (In the store)
Sound and letter recognition	Decode simple words	Model reading fluency
Vocabulary acquisition	Practice specific Spanish phonics patterns	Develop stronger vocabulary skills
High frequency and basic word recognition	CVC words	Hear new words in context
Simple sentences with repetitive phrases	Stories are engaging and entertaining	Increased listening skills & comprehension
Fiction and nonfiction	Fiction and nonfiction	Fiction and nonfiction

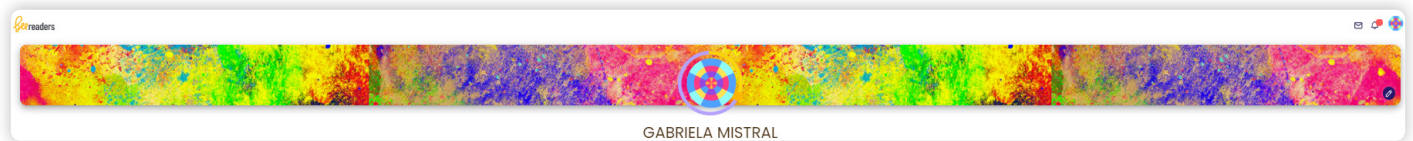

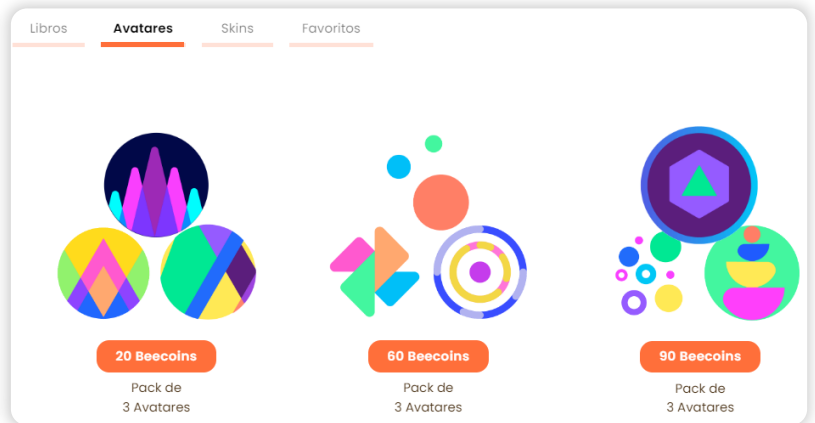

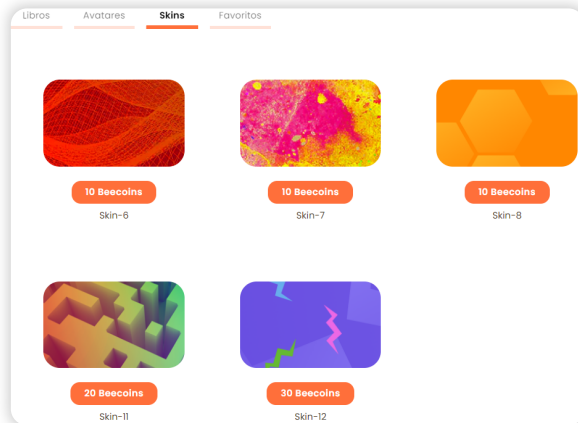

Some of the many features of our engaging and flexible digital learning experience include:

- Authentic Spanish phonics books, picture books, cross-curricular read alouds, and decodables
- Differentiated short-text reading challenges, that give students choice and agency
- Ready-to-use resources in an engaging, adaptive, game-like environment with categories that match the themes for K-1 students
- Data and assessments for teachers and administrators to inform instruction
- Family App that connects parents to their child's reading experience

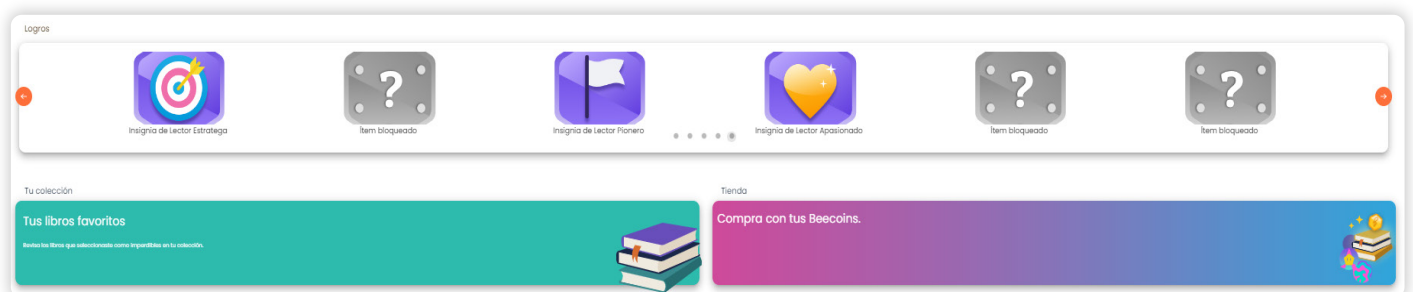

Let's See What All the Buzz Is About!

Students have choice and voice in their learning experience.
Students can personalize their learning environment through the selection of avatars and skins.

When students click on their name at the top of the dashboard, they can access their student profile to check performance, ranking, badges and more.

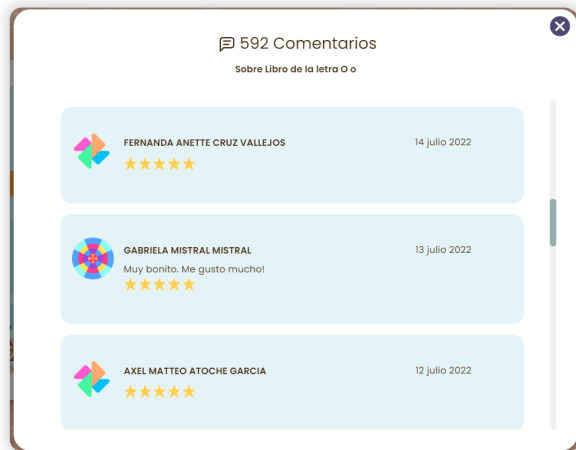

Our badges, medals, and trophies reward students as they develop effective reading habits and grow their reading comprehension skills in three key areas: Decoding* (Phonemic awareness and phonics), Vocabulary, and Comprehension.

Students are excited to learn how to read!

When accessing the *Library/Biblioteca*, students are empowered to engage with a variety of digital books in Spanish designed for K-1 students:

- Newly Added Reading Experiences
- 10 Most Read and Recommended Books
- Their Favorite and Purchased Books

Searchable categories that are relevant to their lives such as about myself, family, community, pets, and more with real-world contexts!

Our Book Review feature enables students to see how other students have rated a book, prior to reading it for themselves.

They can also leave their own review!

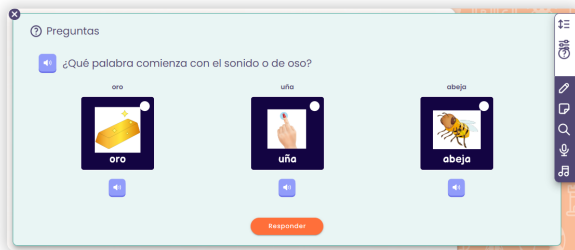

Books can also be marked as favorites, so students can read them again and again!

Want to know more about our K-1 learning experience? Email us at infous@beereaders.com

While immersed in the reading experience, students have access to tools based on UDL guidelines that support their unique learner experience:

- Highlighter
- Listen to music
- Font size and type including Comic Sans
- Narrator with word highlighting

Comprehension questions and answer options can be read aloud, providing readers at all levels with greater access to the content.

Desafíos, short-text challenges, are provided to students based upon their reading level and areas of interest.

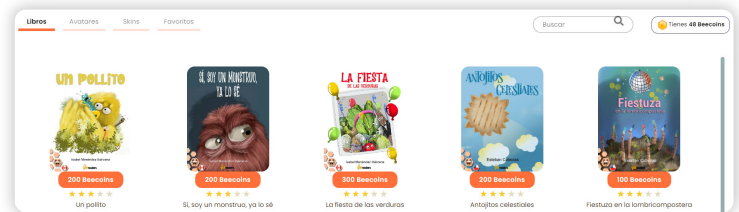

Students can hear questions aloud and are given the option to respond in different ways, either by selecting images or single words.

Prior to starting each of the **Desafíos**, students can see how many points and Beecoins they can earn for successfully completing the challenge.

Upon completing a challenge, students are presented with their rewards and encouraged to continue with new **Desafíos**.

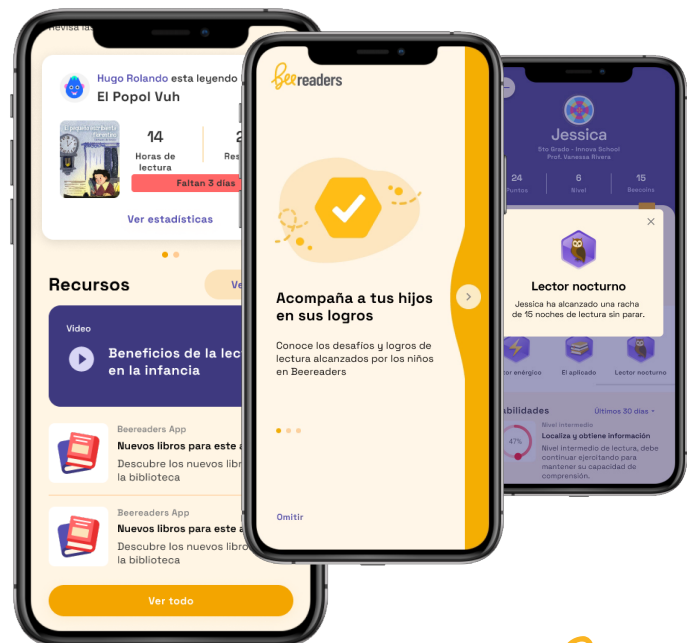

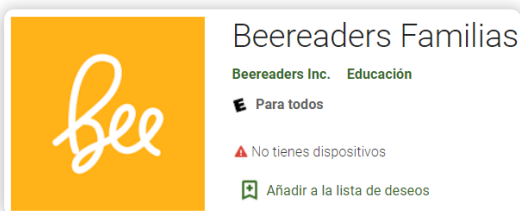

Students can use their earned Beecoins in **la Tienda** to purchase engaging and exclusive content of their choice that they can read aloud for the pleasure of reading!

With **BeeReaders K-1**, families are involved in their child's reading experience through the **Family App**

Parents/Guardians can see:

- Book assignment
- Time spent reading
- Challenges
- Badges earned
- New books arriving
- Access webinars specially for parents
- Progress on daily, weekly, and monthly basis

Reading in Spanish has never been more fun than in our engaging, secure, and flexible digital environment!

- Self-contained learning experience
- Variety of reading options
