

MarcoPolo

For Educators

3

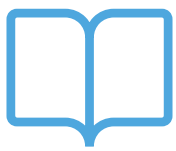

An easy-to-use digital enrichment resource that brings your early learning curriculum to life!

MarcoPolo
Learning

NEW YORK • LONDON

Bring your curriculum to life in the classroom...

A curriculum-aligned library of 1,200+ high-quality, research-based, developmentally appropriate videos.

Access to rich resources with embedded professional development, such as educator guides, photocards, and printables.

Differentiated instruction in English, Spanish, and Modified English versions with intentional support for multilingual children.

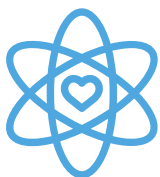

Personalized learning and individualized instruction for each child.

...and at home

An award-winning child-facing app that provides extensive access to more learning opportunities.

Opportunities to transfer knowledge through videos that model 21st-century skills such as critical thinking, creativity, communication, and more.

Family engagement activities designed to empower parent-child conversations and enhance learning.

MarcoPolo's unique approach

Brain research shows that when children are **curious** and **engaged** they are better at learning skills and retaining information. MarcoPolo is designed to engage children in **exploratory** learning with **self-selected, interest-based, virtual field trips**.

Our content covers the foundational and the fascinating.
