Ozobot Certified Educators

WHAT IS IT?

WHAT IS IT?

Certified Educators (CEs) are teachers, principals and school administrators with extensive knowledge of Ozobot products, lesson plans and teaching resources.

CEs know how to use Ozobots to introduce coding and computer science, and they propose innovative ways to incorporate Ozobot into multi-subject lessons and courses. CEs are also passionate about sharing their knowledge with other educators to improve teaching and learning in the classrooms.

HOW IT WORKS

Eligibility

The following US based individuals are eligible to become **CEs**

- Teachers
- Administrators
- Curriculum specialists

- Librarians
- Professional development / Educational trainers and consultants

Requirements

Conference Participation

Ozobot CEs must attend conferences throughout 2017 as a speaker, exhibitor or host of a session or playground featuring Ozobot. They can attend conferences also through 2018.

Creativity

CEs are expected to create original Ozobot lessons and activities for use in their own classrooms and by other educators

CERTIFIED EDUCATOR KIT

All CEs receive a Certified Educator Kit that includes Ozobots, merchandise and informational materials. They also get ongoing support from the Ozobot Education Department, including preparation for conferences and presentations and promotion of those events on the Ozobot website and social media platforms.

CEs are granted access to the Ozobot Education Facebook group (OzoAcademy), and are authorized to share knowledge and support with group members. They receive new lesson plans in advance for testing with their schools, classrooms and/or clients. CEs are also granted an official status for their resumes or certifications.

HOW TO APPLY

We are not currently accepting CE applications. Please check back in 2019.
