

Elementary Curriculum Grades 3-5

Designed for Student Growth

Lincoln Empowered elementary courses include interactive elements, videos, games, and imagery that bring content to life and encourage student engagement.

Our core and elective offerings integrate offline activities that help students foster paper-to-pencil skills while limiting screen time.

Developed based on Common Core State Standards, NGSS, and the C3 Framework, Lincoln Empowered courses are design to help students master content using a variety of approaches.

Student and Parent Support

Evan-Moor Content

provides students with skill-building practice activities.

Parent and Teacher Guides

allow observers to easily guide student learning.

On-Demand Support

includes video tutorials, printable guides, and one-on-one support in our online Help Center.

For details about the Lincoln Empowered Curriculum, course descriptions, and online ordering, please visit our website.
