

LINCOLN  
LEARNING

# Lincoln Empowered Grades 6-8

Exceed the standards.

## Designed for Student-Centered Learning

The Lincoln Empowered 6-8 curriculum offers engaging, interactive content that introduces and builds upon fundamental skillsets.

Courses progress in a way that facilitates and supports independent learning to prepare students for secondary school education. The content engages all learning styles and encourages creative, critical, personal, and real-world applications for students.

Lessons provide educators with the opportunity to contextualize content for the individual learner. The content is aligned to the Common Core State Standards, NGSS, or C3 Framework, depending on the area of study.

## Curriculum Features

- ✓ Courses introduce and scaffold fundamental skills for each subject area.
- ✓ Courses integrate cross-curricular references and opportunities for students to apply their interests and strengths in various simulations and real-life scenarios.
- ✓ Courses also support inquiry-based and social-emotional learning.
