

LINCOLN
LEARNING

Lincoln Empowered Grades 9-12

Exceed the standards.

Designed for Success

The Lincoln Empowered 9-12 curriculum offers engaging, interactive content, featuring instructional texts, videos, and tangible manipulatives to prepare students for civic life and academia.

The curriculum design inspires students to be analytical thinkers, investigators, and problem solvers. Students are encouraged to approach the content critically and creatively.

Lessons are aligned to the Common Core State Standards, NGSS, and the C3 Framework, as well as other national standards respective to their content areas.

For details about the Lincoln Empowered Curriculum, course descriptions, and online ordering, please visit our website.

Curriculum Features

✓ Courses are infused with a variety of literary authors, writing styles, and genres. Students are exposed to many facets of classic and contemporary literature.

✓ Students extend their knowledge beyond the classroom through:

- problem and solution applications
- real-life scenarios
- project-based learning opportunities, such as labs and simulations

✓ Students develop life skills through inquiry, communication, composition, research, analysis, and evaluation.
