

## **Inclusivity and Diversity Statement**

All Lincoln Empowered courses are designed to be inclusive and intended to be representative of people from all walks of life. For example, all names, images, and examples within Lincoln Empowered courses are intentionally differentiated to illustrate a cross section of all students who may interact with our content. In addition, instruction is tailored in a way that encourages students to look at cultural differences objectively with the goal of helping them to better understand that those differences are what make us unique individuals. Our content promotes equality among all people, while taking an objective and secular approach where appropriate. It is free of bias and based in theory, evidence, and fact. All Lincoln Empowered course content is supported by educational, reputable, and socially responsible resources and research.
