

CAREER EXPLORATIONS IN ESPORTS

This one-of-a-kind program allows students to explore a variety of high-paying professions inside the dynamic, multi-billion dollar industry of esports.

THE COURSE PROVIDES:

- 30 hours of video-based career exploration curriculum
- Self-grading assessments
- Project-based learning
- Capstone career exploration project w/ grading rubric
- Includes PD at no additional cost

FOR EACH CAREER EXPLORED, STUDENTS LEARN:

- What the job is, its average salary range, and who is hiring
- What skills and level of education are required to be successful in each career
- What a typical "week in the life" of each professional looks like
- Which hard and soft skills employers seek in job candidates
- What employment opportunities are available in today's market
- The pathway from apprentice to professional
