Teacher-guided, social, device-enabled instruction for the face-to-face and remote classroom

1

Comprehensive

Complete courses with hundreds of 5E-model class-length lessons.

2

Face-to-Face & Remote

Increases dialog in the face-to-face classroom and works seamlessly for remote instruction.

3

Easy to Use for All Teachers

A familiar "Lesson Plan" style interface with guidance notes helps teachers teach.

4

Engages Every Student

Every student has a voice using social-media-style posting to contribute.

5

Learning Analytics

Real-time lesson progress, curriculum progress, and digital student portfolios.

6

Seamless Integration

Works with Google Classroom, Canvas, Schoology, GG4L, and more.
