

# THIS COULD BE YOUR STUDENT!

## In just 1 Trimester...

Learning at grade level

Increased 4.6% on MAP

Increased 0.77 Grade Levels

## Why Choose Us

We are committed to teaching children to *learn how to learn*. Our recent data (1st Trimester 2023) of our MN3 math program, demonstrated outstanding results. We want your students and teachers to have this same success.

**Amanda Nason Ed. S.**

"We are an interactive, leveled, hands-on, pre-prepared intervention methodology. We focus on making math approachable with ease of implementation for teachers with exciting activities for students."

### Overall Growth: Grade Level Learning Ready

Student success is a powerful force for ongoing learning.

- 55/76 students improved on MAP scores
- 55/76 had an average of 4.6% increase SSG in 1 Trimester
- 43/76 Students increased an average of 0.77 toward grade level learning
- 13 Students graduated from Tier II

### Fully supported end to end

We train, certify, and coach your teachers through our highly engaging process. The entire support program for your school ensures consistent delivery and unparalleled service. It's why our fidelity and student success rate is so high.
