

Accessibility

At Ori Learning we believe all students should have tools to help them participate in lessons effectively. Thus, we have integrated powerful tools and accommodations into the platform to support students with diverse learning needs:

- Content translation into 136 languages for English Language Learners.
- Text-to-Speech for students who may struggle with reading.
- Voice Recording and Speech to Text for students who may struggle with typing.
- Highlighting and a Zoom feature to provide visual support.
- Adjustable read aloud speed to support information processing.
