For Educators:

Our lessons closely align with state standards

[Learn more](#)

Checkology enrichment

Checkology includes enrichment activities and resources to extend learning.

Exercises

Game-like activities that provide extra practice on lesson content.

Challenges

Quizzes that extend and expand on concepts and skills introduced in lessons.

The Check Center

A series of tools designed to build skills and habits of mind to detect and debunk misinformation.

Journalist Visits

A Newsroom to Classroom Connection, either in person or virtually, with one of NLP's journalist volunteers, arranged by educators through our online directory.

Resources

Supplemental content, student creation tools, assessment links, transcripts and more for both teachers and students.

How do we check for understanding?
