RE: Statement of Inclusion

Ministry of Inspiration hold the following values:

Manaakitanga (inclusion), recognising the potential of all people, accepting them on their own terms and showing respect for the diverse range of cultures in New Zealand and the world.

Kotahitanga(equality), providing opportunities to all students on an equitable and non-discriminatory basis.

This product, STEAMS kit, allows all students regardless of culture, race, gender or able-bodied ability to learn about electronics and use those skills to tell their stories and create their own inspired designs.
