

HEROES MADE

For Elementary Schools

- ✓ Zero Preparation
- ✓ Super Engaging
- ✓ Game Changer

Company Summary

Heroes Made is a SaaS platform for Social Emotional Learning (SEL) for elementary schools. It is an innovative solution aimed at streamlining SEL, making it easily accessible and, most importantly, fun! The platform is meticulously designed with two primary users in mind: the teacher and the student.

At its core, Heroes Made has a twofold goal:

- **Empowering Children:** The platform acts as a supportive friend to children, aiding in developing self-awareness, self-management, social awareness, responsible decision-making, and relationship skills—the five key target areas of SEL.
- **Equipping Educators:** Heroes Made gives educators the tools to rediscover a pleasant, harmonious, and productive human-centered classroom environment. Through these tools, educators can enhance their teaching methods and foster a more conducive learning atmosphere for their students.

Why Work With Heroes Made?

Heroes Made offers four key advantages for educators. Firstly, our platform prioritizes human-centric technology, leveraging digital tools to enhance rather than replace teacher-student connections.

Secondly, we provide a range of flexible teaching methods, including conversation prompts, activities, metacognition exercises, and worksheets, catering to diverse learning styles.

Thirdly, our platform requires zero prep and zero training, and seamlessly integrates into existing curricula.

Finally, Heroes Made offers students the unique opportunity to see their stories fully illustrated and published in our Student Author Library, fostering creativity and pride in their accomplishments.
