Transforming Teaching, Empowering Educators

Automated teaching, assessment, reporting, learning support & extension all in one!

The intelligent online learning system that [automatically adapts](#) to each child's learning needs.

- For children aged 4 – 15
- Extensive coverage of [maths](#), [word skills](#) and [reading](#)
- Contains over [17,000 carefully sequenced educational activities](#)
- Creates fully [differentiated individual learning](#) pathways with ease
- Direct [one-to-one correlations](#) between each activity, children's results and your [local curricula](#)
- Fully encapsulates the precise structure and terminology of your [local curricula](#)
- Create [tests](#) and [precisely analyse the results](#)
- Motivates and liberates children to learn, and empowers educators
- Facilitates assessment, extension and learning support
- Set [homework](#), class pre and post [tests and exams](#) using dedicated [Content Selections](#)
- One simple but incredibly powerful easy-to-use system

Automated unique learning pathways

ZooWhiz liberates children to learn by intelligently adapting to their needs. It automatically creates a unique learning pathway for each child.

- The inbuilt [Adaptive Learning System](#) empowers educators by automatically implementing fully [differentiated learning](#) without the need to constantly monitor and adjust content
- Automatically devises the [optimal learning pathway](#) for each child
- Sets teachers and parents free from the tedious, time-consuming processes of monitoring and adjusting the system for each child
- Presents just the right activities at just the right time to maximise learning
- Self identifies and bridges learning gaps then helps children to mastery step-by-step
- Actively challenges each child to learn

It's in a league of its own

All the parts of ZooWhiz work together to complement each other delivering a learning system of unparalleled power, elegance and simplicity.

- Its flexible and incredibly powerful and incisive [reports](#) correlate precisely with the included curricula
- Propels each child along their unique [learning pathway](#) motivated by the [fun of the zoo](#) and [arcade games](#) and the [challenge of the activities](#) and the [feedback](#) they receive
- Its power is [cloaked with simplicity](#)
- [Links home and school](#), enabling parents, teachers and schools to work together for the good of every child
- [Sound Support](#) for the lower years allows younger users and ESL students to work

independently as if they had an adult to read along with them

- For [iOS and Android devices](#) it automatically diverts to a special HTML5 web based version of ZooWhiz eliminating the need to install and manage an App
