

Getting Started A Primer for Teachers

Edulastic is an online assessment tool that is easy enough for classroom formative assessments, yet sophisticated enough for common interim and benchmark Assessments.

Your students will receive hands on experience with tech enhanced questions and teachers receive automatic grading, scoring, and data collection instantly. With a robust library of pre made questions and assessments, plus more than 30 types of Tech-Enhanced Questions you can prepare your students for spring tests, college placement tests and more. Teachers are not limited to the assessments in the library, with Edulastic you can create your own questions and assessments. Let's get started!

This article consists of:

- How to Log in
- Create a Class
- Add students to Roster
- Create an Assessment
- Assign an Assessment
- Track Progress

How to Login

To login go to

https://app.edulastic.com

- New users select "Sign Up" in top right corner.
- Current users select "Sign in with Google" or "Sign in with Office 365" This will take you to your dashboard.

These final steps bring you to the dashboard where you will create your classes and add students.

Create a Class

In Edulastic, first you will create a class and save it, then add students.

• Create a Class in 3 ways. Start at the dashboard and select:

"Create new Class" or "Sync with Google Classroom". You can also go directly to the Manage Class icon.

C 2. () () () () () () () () () ()		Dashboard Dashboard My Classes	2
		[©] 2.	© <mark>2</mark> .
alla 3.	th Google Classroom	ala 3.	ala <mark>3.</mark>

If you use Google Classroom and have a class code this is the simplest way to set up your class.

- Select "Sync with Google" and follow the prompts to enter your code.
- Your roster will be automatically imported and you are ready to begin assigning.

o3 C2Name Select Grades Mathematics V Math-Common Corre Select Course	Google Class Code	Class Name	Grade	Subject	Standards	Course
cum C1Name Select Grades Mathematics V Math-Common Core Grade 6-Mathematics-V	tlpyo	C3Name	Select Grades	Mathematics *	× Math - Common Core	Math 6

	t2vcum	C1Name	Select Grades	Mathematics *	Auth - Common Core	Grade 6-Mathematics-Mat
Math 6						Math 6

If you are not a Google Classroom user, you will create a class manually. Select the Create a Class Button from the dashboard

- You will be prompted to enter your class information.
 - Class Name Create a class name
 - Grade Enter one or more grades
 - Subject Select correct area
 - Standards Select the appropriate Ohio State Standards
 - **Course** The course should pre-populate for you. Please select from one of the courses that are available instead of creating your own.

Select Save, then you are ready to add students.

Add Students

- Go to Manage Class.
- There are 3 ways to add students.
 - Sync with Google Classroom
 - Manually Upload students as a class or individually
 - Give students the Class Code

3rd Grade- Math - Jeffries- 201 Spark Demo District, Spark School	8		View Assign	ment 🖳 🖆 Class Code : CO5EF

	Course :	Grade 3-Mathematics-Math - Common Core		
Students				ction - + Add Multiple Students

Sync With Google Classroom

The Sync with Google Classroom option allows you to share an Edulastic assignment in your Google Classroom feed. When students click on the feed, the Edulastic assessment opens in a new window with the students automatically logged on. Students do not need to navigate to Edulastic's site, nor remember a separate password.

- Edulastic teacher account must use Google Classroom email address.
- To sync your Google Classroom click the Google Classroom icon in the top right of screen. Select your school google account and enter your Google Classroom Class Code.

Only one Edulastic class may be synced with a Google Classroom class (1:1 relationship), although you can sync as many different Edulastic classes with your corresponding Google Classrooms.

Next, specify grade and subject for each class you are syncing.

	Class Name	Grade	Subject	Standards	Course
lpyo	C3Name	Select Grades	Mathematics •	× Math - Common Core	Math 6
laao3	C2Name	Select Grades	Mathematics •	×Math - Common Core	Select Course
t2vcum	C1Name	Select Grades	Mathematics •	×Math - Common Core	Grade 6-Mathematics-Mat
					Math 6
					Maulo

Sync is complete.

Whenever students join or leave your class, you can resync to update your roster

9 Manage Class			Sync with	Google Classroom	+ Create Class

Students			+	+ Add Multiple Students
There are no students Add students to your class ar				

- From the dropdown box, select the format in which you want to upload the roster. Your choices are by Google usernames, Office 365 usernames, first and last name, or last then first name. Paste the student names. Click Add Students. The usernames will be automatically generated and your class roster will be populated.
- The Edulastic class code (found in the upper right corner) will be used as default password for these students, please ask the students to change their password once they login to their account.

Add students to					
			Add students		

• If you want to add a single student, select the "Plus Sign" to the left of the Multiple Students button and follow the prompts. This allows you to add an individual and assign a username and password.

A note about teachers manually setting up accounts using first/last or last/first names:

If you are a middle school or high school teacher where students will be a member of several teachers' classes, it is most efficient to have the students create their own account and add the class code for each of their classes. This ensures the student will have one user id and can access all of their Edulastic assignments from one dashboard. (See instructions below.)

Alternatively, the home room teacher could copy and paste their homeroom roster, thus generating usernames for the students. The other teachers should use the Add Existing Students function to build their rosters.

Students Use Class Code

Students need their own accounts. They can join your class by using the class code. This is a one time process. Once students have an Edulastic account, they can join multiple classes by clicking Add Class and entering those class codes.

		Google Classroom Import is Complete		
7th Grade ELA Period 1 Eden Unified, Jefferson			View Assignmen	ats 🚇 📕 Class Code : D5FA1
1. N. Part	Grade :	Grade 7	Start Date :	Dec 8, 2017

ath the	Standard :	ELA - Common Core		
	Course :	Grade 7-ELA-ELA - Common Core		
Students				+ Add Multiple Students

- The class code is located in the top right corner of the class description. Teachers go to Manage Class and click on the class name to get the class code.
- Students go to app.edulastic.com and sign up just like you did with username and password OR Sign up with Google. They will be prompted to provide the class code in either scenario. Students don't need email addresses – just a unique username.

OR

• Students can also enter the class code from their Manage Class tabs.

Once your rosters are loaded, you are ready to assign.

Create an Assessment

- Start at Assessments tab
- Select Create a New Assessment

Create Using SnapQuiz

Alternatively, you can create an assignment using SnapQuiz. SnapQuiz is like a bridge between your paper and pencil assignments and digital assignments. It allows you to upload an assessment in PDF form into Edulastic and "add" Edulastic's digital questions on top of the picture of your assignments. Currently, you can add 6 question types.

To use SnapQuiz, go to the Dashboard and click on the + or go to the Assignments Tab and click Create New Assignment.

	Create from Scratch Select questions from the library or author your own	Create from PDF
Name	Untitled Assessment - 2	SnapQuiz
	Create Assessment	Upload PDF
	4025 Questions Available for Math - Common Core Grade 8	Upload your assessment in PDF format and proceed to create an Edulastic Assessment.

Select SnapQuiz and upload a PDF version of your assignment from your computer or Google Drive.

You'll see a picture of your assessment. To create the questions and answers, click on the question type once and then click the corresponding number or location on your document. The question number will appear along with an editor box. Select the correct answer, adjust the point value and modify the letter choices (e.g. ABCD or EFGH, etc) if necessary. You can drag the edge of the number to relocate it to another place on your document by selecting the drag widget.

Next you will want to view the students' progress via the LIve Class Board. You can access this through the Assessments tab.

Track Progress on the Assessments Tab

The Assessments tab is where a teacher will find recent activities and assignments. At the top level, teachers can see overall status of each assessment and perform several actions.

Teachers can also drill down to a deeper level and get details about each class that has been assigned the assessment. This is where teachers will access the **Live Class Board** and track the progress of the students.

The following actions can be performed from the Assessments tab:

Filter for Assessments

There are two filters at the top of the page.

Recent: click on recent to see all of the recent activity. Includes drafts, assignments, common assessments, and recently published.

Common: click on common for a list of all common assessments that have been assigned by an administrator to the teacher. Note: Common assessments have "C" icon.

Organize Assessments

My Assessments link will give teachers a quick view of all assessments the teacher has created, published, co-authored, assigned, etc.

To organize this list, teachers can create folders. To create a folder, select New.

Select New and enter name of folder

B Recent	Grade + Subject +					Sort by \downarrow	Date
Common	Assessment Name	Subject and Grade	the Care	Anterest	A Submitted	a Graded	
Assessments	K/10 version of MMS 6th Social Studies CFA7	Social Studies Grade 6	Er In Draft	0	0	0	
tiew .	Untitled Assessment - 2	Social Studies Grade 6	1	8	0	0	
Enter folder name	State Assessment Practice: 8th Graders	Mathematics Grade 7 +2		0	0	0	
Carcel Onute	Math 8 POST Test Chapter 1	Mathematics Grade II	1	11	11	11	
Classwork	Noncalculator - Scientific Notation TEST	Mathematics Grade 8	1	11	1	1	

Next move assessments to the proper folders by placing a checkmark next to assessment name and selecting Move to Folder.

Recent	Grade + Subject +				Sort by 🗍 🛛 🗛

	🗇 🚜 Sth Grade Writing Sources	ELA Grade 5 +12	4	28	Print Delete
					↔ Embed
					Googlé Classroom

To delete an assessment for all, select Delete.

From the Actions list, teachers can assign, duplicate, print, and send to Google Classroom among other things. Again, Premium or Enterprise subscribers will have additional features.

Drill Down to Class Level

Click on the Assessment title to go to a list of classes that have been assigned the assessment.

Here you will see the status of each class.

Put a checkmark next to the class name and teachers can: Open, pause, close and mark an assessment as "done". Select Responses to go to Live Class Board. Generate a bubble sheet to be used with SnapScore Under More Options, release or withhold scores and download responses
