

After PD Next Steps

Now that you have explored Classkick as a student, it's time to make Classkick work for you and your students! Follow these steps to try Classkick as a teacher for the remainder of your session.

Just finishing a PD session? [Tell us how it went!](#)

Welcome To Classkick!

1. Sign out of the current assignment.

2. Create a new teacher account.

([To view Create a New Teacher Account as a PDF, click here](#))

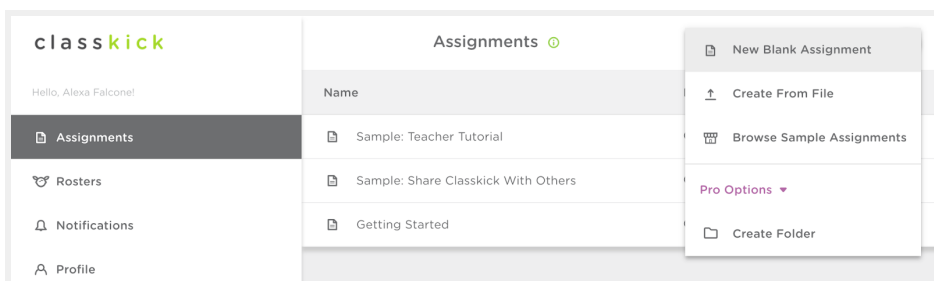

Click **Sign-Up** and create a **Teacher Account** (app.classkick.com OR use the Classkick App on iOS). You can Sign-up with Google or create your own username and password.

3. Complete this set of teacher tasks.

([To view Teacher Tasks as PDF, click here](#))

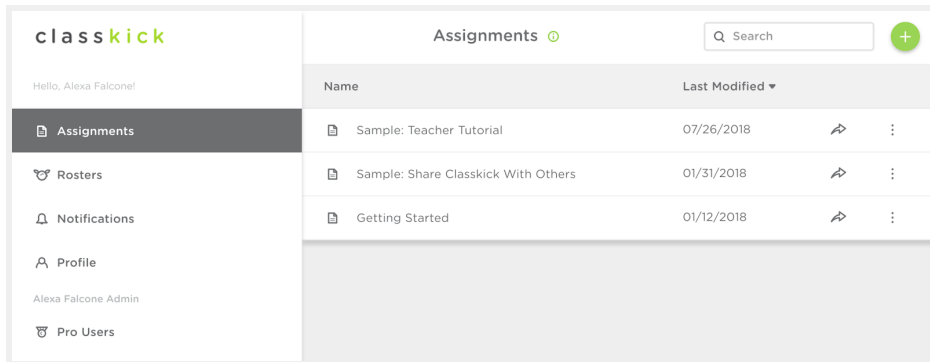

A. **Create an Assignment** from the “+” icon in the upper right.

- Upload a PDF to a new assignment
- Upload a PDF to an existing assignment (*hint: use the camera button*)
- Create a new blank assignment
- Copy and add an assignment from our Assignment Library to your dashboard

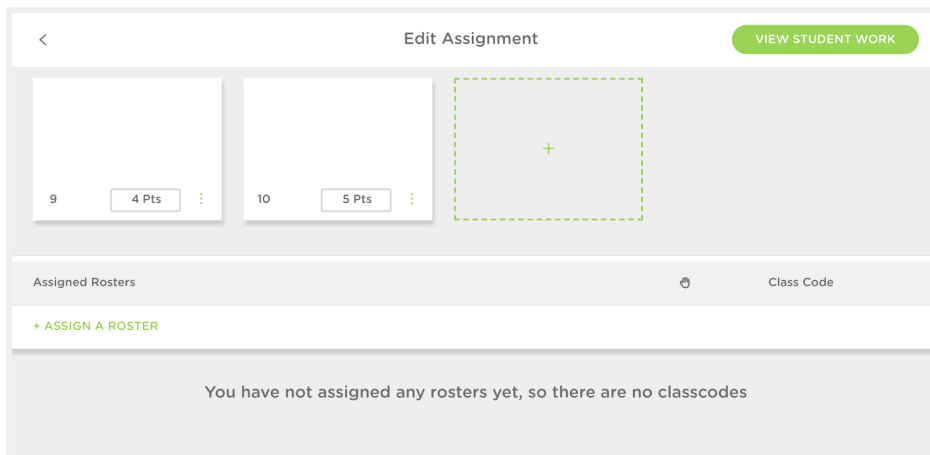

B. Assign a Roster (this generates a **Class Code**)

- On Web, from the Assignments dashboard:

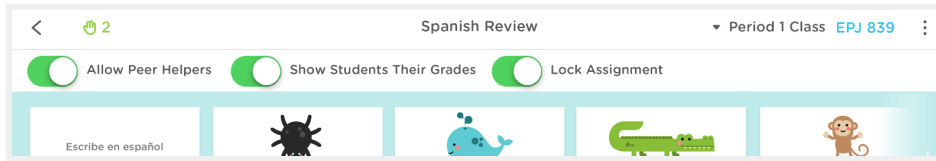

- On the Assignment List, Select 
- Click  Assign

- On Web, from Edit Assignment:

- Select **+ ASSIGN A ROSTER**

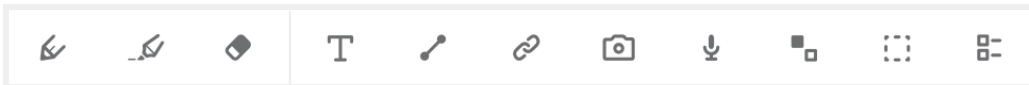

- On iOS, from Whole Class View:

- Select the dropdown on the top navigation bar to assign a Roster and generate a Class Code.

C. If creating your own assignment, add in your **questions or activities** for students. We encourage you to have no more than 1-2 questions per page.

D. **Try features** that might work for your students (Multiple Choice, Fill in the Blank, Manipulatives or just blank canvas space).

E. **Exchange class codes** with a nearby teacher and practice signing in as a 'guest' student

4. Look over the Bonus List of Features.

If you've gotten through the above tasks, try to find these features! *Please note that some of these features require you to have students signed in and working.*

([To view the Bonus Board as a PDF, click here](#))

- Notification Center
- Lock Assignment
- Stickers
- Peer Helpers
- Export Student Work
- Share your assignment with a colleague
- Assign a 2nd Roster to your same Assignment
- Show Students their Grades
- Propose a New Feature
- Change Order of Pages
- Chat (*Pro only*)
