## Stride At-a-Glance

### For Students

#### Build Confidence:

Let your student take charge of their success with our easy-to-use, engaging, and interactive software that builds confidence with every click.

Please Select Grade ▼

**Launch Demo**

Learn on the go! Log in anywhere, anytime to access games, courses and lessons to personalized content. Accessible on tablets, laptops and desktop computers.

### **Motivational:**

Our coin-based reward system motivates students to learn to progress to the next level. Stride meets them right where they are in the learning process by rewarding learning gains with “brain breaks” in the form of games built into the learning system.

## **For Parents**

### **Success Stories:**

Hundreds of other happy parents and students make it easy to adopt Stride as part of your child's learning plan.

### **Academic Outcomes:**

You will see a positive change in your child's confidence, interest in school, and excitement about learning.

### **Your Learning Partner:**

Stride is more than a software; it is your partner in your student's learning journey. Cutting-edge technology lets students directly influence their own personalized learning experience.

# **Stride Key Features**

Please Select Grade ▼

 **Launch Demo**

## Gaming to Learn:

Short-form games deliver extreme motivation, engagement, and short "brain breaks" to energize learning.

## Continuous Assessment:

Real-time assessments create a customized learning plan to address each student's personal needs.

## Individualized Intervention:

Track your child's progress with easy to use dashboards. See where your student is thriving and struggling based on academic skills and standards.

## What our Customers are Saying

Please Select Grade ▼

 **Launch Demo**

“It’s a great resource that doesn't cause back-talk when I tell them to start it! My 7 year old said she learned extra math skills from Stride. My 11 year old said he and his friends are ‘kind of addicted to Stride’ because of the coins they earn when they get answers right. They like saving the coins up and then using them to play cool games.”

– Sarah Powell, Parent

“We used to do workbook pages and they dreaded it, but they actually get excited about Stride.”

– Gwen Yarbrough, Parent

Mark your calendars and save the date! Pencil in some time to watch our demo to see how Stride can help motivate your child to excel in school.
