# Install...

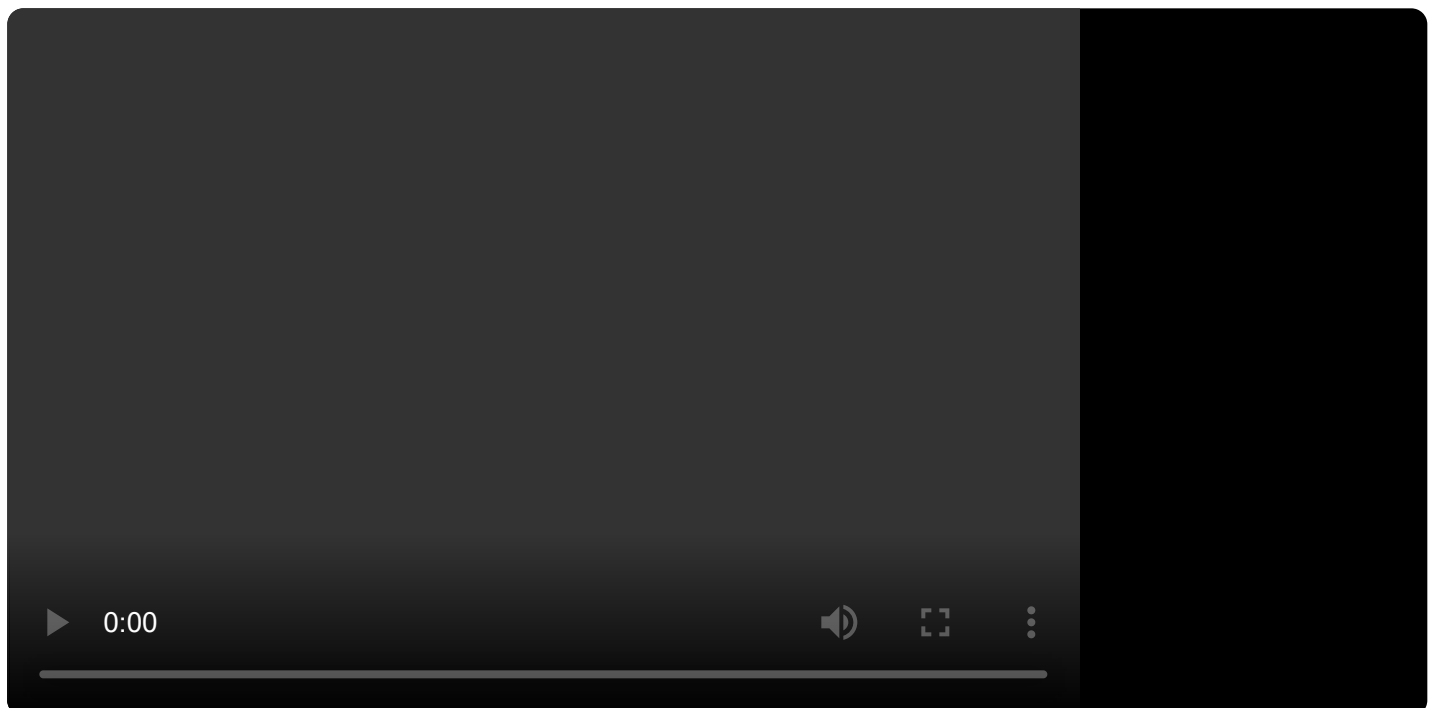

Stunited is the first and only app that establishes a national community for students seeking to be matched with other students.

Simply install and start networking; connecting with other students based upon your academic strengths and needs.

Free to install and use, Stunited members enjoy being able to barter their services or goods in exchange for tutoring on any number of subjects. Stop the struggle now and avoid paying costly tutoring fees to strangers who don't understand your needs. Get Stunited!

## What the students are saying:

"Boy oooooo boy what a life changing app! I was struggling with finding someone to peer review an essay and I found a lovely gal named Sandra who helped me out in exchange for help studying for her math test!"
