

WIT & WISDOM

From Great Minds, the non-profit that created *Eureka Math*, *Wit & Wisdom* is a K-8 English curriculum that brings rich, knowledge-building content into your classroom. *Wit & Wisdom* helps you meet the expectations of the new standards while celebrating the joy of reading and writing with your students. Teach more meaningful English.

COLORADO STUDENTS EXCEED EXPECTATIONS

When a Denver-area teacher raised the bar and introduced his students to meaningful learning, they began to excel beyond his expectations. They are thriving—students and teacher alike.

BUILDS KNOWLEDGE

Every module, in each grade, focuses on a topic essential for building background knowledge, vocabulary, and writing skills. Whether students are learning about the seasons, the American Revolution, or space exploration they are exposed to works of literature, informational text, and art of the highest quality. Essential topics strategically reoccur, empowering students to deepen understanding of core knowledge across grades K–8.

BOOKS, NOT BASALS

With *Wit & Wisdom*, every text a student touches is authentic and of the highest quality. Students use these texts at every turn — to learn, and eventually master, essential reading, writing, speaking, listening, grammar, and vocabulary. Instead of basals, students read books they love, to build knowledge of important topics and master literacy skills. All students read and communicate about grade-level texts, with suggestions for support included at key moments in lessons.

Great Minds® and Wilson Language Training® collaborated to create a new collection of accessible, knowledge-building books for emerging and developing readers. They are Readables™, a unique type of text in which specific decoding strategies are coupled with content and vocabulary knowledge, resulting in wonderfully rich books for budding readers.

THE WHEATLEY PORTFOLIO

The Wheatley Portfolio is a series of curriculum maps for implementing the CCSS in English Language Arts. These materials provide a firm foundation for standards-based instruction, while giving educators the flexibility to determine the way English Language Arts will be taught in the classroom.
