"ABCmouse is amazing!"

My children are excited to learn and they don't want to stop. I'm so glad that I made the decision to invest in my children's education by signing up with ABCmouse.com.

Thank you! I'm a happy mother!"

—Mother of 3- and 5-year-old girls

More Features

Progress Tracking

It's easy to see how much progress your child is making with the ABCmouse.com Progress Tracker. In addition to the display of total number of learning activities completed in each category (books, songs, puzzles, games, and art), there are easy-to-read graphs that show progress both by academic level and by curriculum subject.

Tickets and Rewards

ABCMouse.com encourages children to complete learning activities by rewarding them with tickets. Tickets can be used to "purchase" virtual items on the site, such as new fish for the classroom. The Tickets and Rewards System makes learning a game, and also teaches important math skills as children keep track of tickets earned and spent.

Customizable Avatar

The avatar is a character that your child can choose to represent him or herself while on ABCmouse.com. There's a broad choice of avatar features and clothing, and other avatar-related items that can be purchased with tickets.

Interactive Zoo

ABCmouse.com's zoo allows children to interact with realistic zoo animals, including elephants, lions, monkeys, zebras, penguins, and more! Learn facts about each animal and read books, play games, and do puzzles and art activities for each one.

Aquarium

Your child can choose exotic tropical fish and other items to put in the Classroom Aquarium and learn lots of interesting fish facts at the same time.

Interactive Farm

ABCMouse.com's interactive farm features horses, chickens, cows, and more! Watch beautiful animations of our farm animals, learn fun and interesting facts about each one, and do farm-related activities!
