

Available on **computers, tablets, and smartphones!**

Subjects

Reading and Language Arts

The Reading Curriculum Includes:

- Uppercase and lowercase letter recognition
- Phonics
- Rhyming words and word families
- **More than 450 books** and beginning readers
- Sentence structure
- Parts of speech

ABCmouse.com's reading curriculum spans the entire range of early reading, from learning the names of each letter and the sounds they represent to being able to read books, starting with a few words on a page and gradually advancing to paragraphs.

The curriculum for first grade also includes writing and language skills, such as

sentence structure and punctuation, parts of speech, and practice with writing genres.

Math

The Math Curriculum Includes:

- Recognizing and counting numbers 1–120
- The base ten system
- Place value
- Addition and subtraction
- Names and attributes of 2D and 3D shapes
- Length, time, and money measurement

ABCmouse.com teaches numbers, addition and subtraction, shapes, patterns, measurements, and more! Our games and creative activities make math fun while giving young learners the practice they need to build a strong foundation for success.

The World Around Us

The Science and Social Studies Curriculum Includes:

- The body and health
- Plants and animals
- Weather, climate, and the seasons
- Earth's environments
- Maps
- Regions of the United States
- The Solar System
- Matter and its properties

Science and Social Studies

ABCMouse.com's science and social studies curriculum helps children understand the world they live in and inspires curiosity.

Art & Colors

The Art & Colors Curriculum Includes:

- Primary and secondary colors
- Shades of colors
- Paint-by-number activities
- Number and letter dot-to-dots

ABCMouse.com's unique drawing and painting program gives children of all ages the opportunity to use lines, shapes, and colors to create original works of art. Games, books, paint-by-number activities, and puzzles teach children to name and use a variety of colors.

"My daughter loves this site! She has learned so much more than I thought she could learn at her age. ABC's are her favorite things to do, and since I started her on this website she has learned to read words well above her age level."

—Morgyn, mother of a 2-year-old girl

Activities

Animations

ABCmouse.com's curriculum includes hundreds of highly entertaining animated activities, each teaching a specific learning topic. From Prospector Paul discovering new letter combinations to King Grammar explaining proper nouns to his villagers, these animated videos engage children while they learn.

Games

ABCMouse.com features hundreds of fun and interactive games, each designed to teach a specific educational concept. Your child can play games to learn the alphabet, to learn new words, to learn about numbers and shapes, and even to learn about the planets! Since all of the games on the site include voiced instructions, they are easy for even young children to learn and play.

Books

With more than 450 traditional and original stories and nonfiction books, ABCmouse.com's library opens a door to worlds of knowledge, adventure, and fun for children. Every topic of our curriculum—whether it is the sound of a letter, counting 1–100, the four seasons in the year, or regions of the United States—is explained in child-friendly language in one of our library books.

Songs

ABCMouse.com's music collection features original songs about every letter of the alphabet and many other topics of our curriculum, as well as newly produced and recorded children's

Puzzles

Find hundreds of jigsaw and cutout puzzles designed to help develop problem solving and critical thinking skills. Puzzles also help children remember important ideas and skills in reading, math, science, art, social studies, and music. There are puzzles for

classics. The variety of music on our site not only reinforces the other subjects but also introduces children to a range of musical styles and themes. Your child will love to sing along!

every letter of the alphabet, sight words, stories, numbers, shapes, animals, the base-ten number system, elements of fiction stories, and many, many other topics.

Art

With many different types of art activities—including coloring pages, dot-to-dots, paint-by-numbers, traceables, and printables—ABCmouse.com helps children learn reading, math, and other subjects while they are expressing themselves artistically.

Printables

ABCMouse.com has more than 2,000 printable activities across reading, math, art and colors, and more. We encourage children to continue their learning offline with printable activities that include letter and number tracing, coloring, dot-to-dot pictures, paint-by-number drawings, mazes, and pattern recognition activities.

More Features

Progress Tracking

It's easy to see how much progress your child is making with the ABCmouse.com Progress Tracker. In addition to the display of total number of learning activities completed in each category (books, songs, puzzles, games, and art), there are easy-to-read graphs that show progress both by academic level and by curriculum subject.
