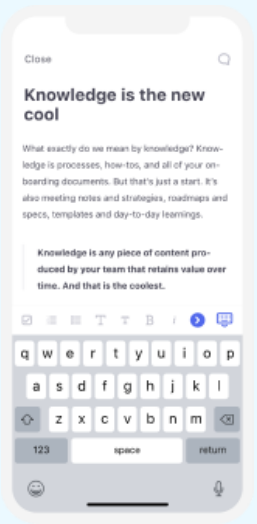
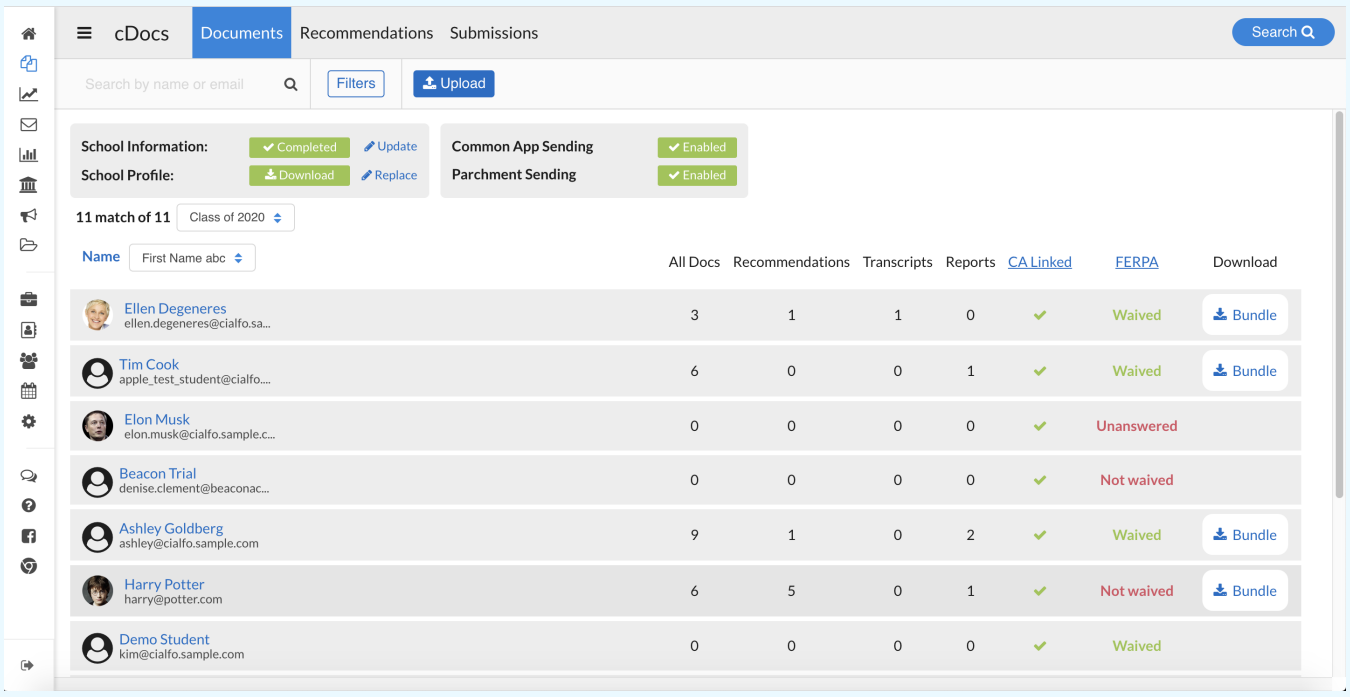
Attending #NACAC2019? We would love to see you at our exclusive session. RSVP today! Save Me A Spot!

All the features you need to get students to college





Task Lists

Build task lists made up of individual tasks, then assign them to students. Want to take it up a notch? Cialfo can automatically assign task lists to students matching pre-set criteria like “Canada Applications, current grade K10”.

Application Configurations

Imagine if each time a student shortlisted a college, they immediately received a series of tasks to complete with no effort on your part. With Application Configs, you simply set the assignment criteria, create the tasks, and let Cialfo work.

Granular Settings

However you work, Cialfo adapts to it. Don’t want your students to edit college lists? Sure. Want to turn off the shortlisting algorithm? No problem. Cialfo is wonderfully flexible, so you can truly make it your own.

Broadcasts

Send announcements and broadcast messages to your students, their guardians, or fellow colleagues. Choose how they receive the broadcast: via SMS, email, in-app message, or all three.

Letters of Recommendation

Students request recommendations from teachers, who manage requests and write recommendations. Counselors track overall statuses of LoRs, provide helpful nudges, and deliver them to colleges.

Share Notes

Draft notes before, during, or after a meeting. Choose whether to share it with the student, with colleagues, or simply keep it to yourself.

Make big moves like the International School of Dakar.

With Cialfo, ISD went from spending 3 days training their students on college applications to 30 minutes. We can help you reclaim your time, too.

The top private schools trust Cialfo

(We chose Cialfo because of) the fact that you guys are working with us to meet our requirements. You listen to us, and you were very responsive to what we wanted.

Barry Phipps

OBEROI INTERNATIONAL SCHOOL

Hearing Cialfo say you guys are already working on this or that, and that you welcome our ideas and want to work with our feedback... that team feeling is great. That's a major reason we chose Cialfo.

Jeffrey Neill

THE INTERNATIONAL SCHOOL OF DAKAR ISD SENEGAL

We are able to do everything through Cialfo, from seminars, tasks, assessments, uni planning, communication, calendaring.

Alison Lewis

THE INTERNATIONAL SCHOOL OF KUALA LUMPUR

Cialfo’s intern
approach to p
reasonable cc
us.
