Core Behavior Profile

Use the Core Behavior Profile to efficiently record observations and mastery levels for each student in areas like strengths and attributes, instructional needs, functional communication, self-regulation, independence, classroom and relationship skills, and more.

It's Time to Wait **DECISION TREE**

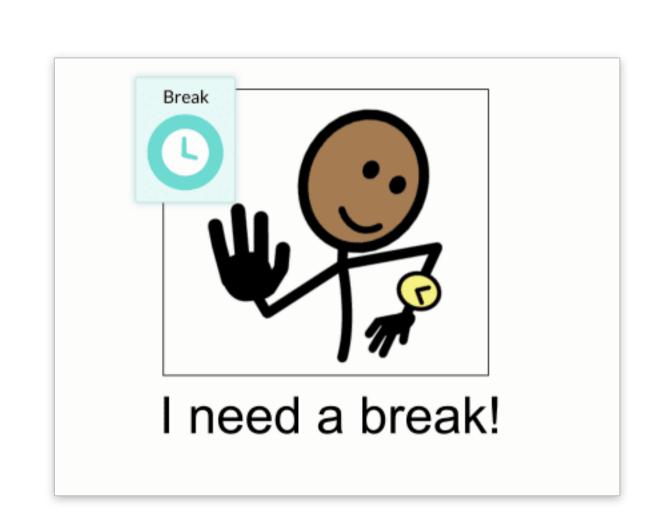

Provide students with options for productive ways to spend time when they are between activities or have unanticipated "down time."

I Need a Break! **SOCIAL NARRATIVE**

Help students understand the value of knowing when they need a break and how to properly request one. This social narrative uses repetitive language and behavior examples to drive home the point.

Washing Hands **VIDEO MODELING**

For students who respond to visual cues, easy access to video modeling can bring powerful results. Have them watch the video of a student washing his hands—especially useful during cold season!
