

# The Chicago Learning Playlist

**SocialWorks** is helping us increase students' literacy skills through Chicago music.

Rhymes with Reason & SocialWorks, a Chicago-based youth empowerment charity, have joined forces to provide 1,000 students access to a one-of-a-kind music-fueled literacy tool: The Chicago Learning Playlist! The Chicago Learning Playlist helps students learn test prep aligned vocabulary, enjoy dynamic literacy skill-building, and engage in lyrical reading comprehension powered by the music of some of Chicago's most talented artists. Imagine if learning words, studying for an English Test or preparing for the SAT/ACT was as fun as listening to your favorite music? Well now, it literally is. Our collaboration aims to utilize a powerful blend of popular

music, culture, and literacy education to not only directly help students learn and study, but also to show them that academic excellence is already within their means; as much of what they need to know lies within music and culture in which they are already expert.

- ★ Available now, students with Chicago zip-code get registration priority
- ★ Laptop/Desktop, Tablet & Mobile access (via your mobile browser)
- ★ Access to all Rhymes with Reason content, in addition to the Chicago Learning Playlist
