We know what it's like to be a teacher and often funding classroom resources out of your own pocket, so we have a simple and inexpensive sign-up and subscription fee to onboard you into our programs and get you started bringing the magic of moviemaking to the kids in your world immediately.

### Why are some of the programs subscriptions and others not?

The digital storytelling curricula contain elements you'll want to use again and again, like instructional videos to show your students as well as several dozen sample videos for them to watch and analyze and learn from. The "Secrets..." training courses, on the other hand, are designed to get you up to speed as a teacher so that you will feel comfortable leading your students through the production process. You may cancel a subscription at any time.

Each course when completed provides 2 (two) CEU credits and a completion certificate that you can present to your administration. Complete all 6 (six) courses to become a **Digistars® Master Digital Storytelling Instructor**.

If you have questions about becoming a certified instructor in any of our curricula, please reach out through our private Facebook group. Lifetime membership in the private group is granted with any Digistars purchase.

*\*Digistars® Make-a-Movie Workshop offers a 100% Money-Back Guarantee if you fail to find any value from completing the course. See our [Terms and Conditions](#) for details.\**
