

# The Mobile App for Students

Meet your students where they're at... on their phones. Our youth app engages kids in meaningful, fun, incentive-driven activities that promote social-emotional well-being... and feel nothing like school work. Our mobile app is HIPAA & FERPA compliant - we take handling of youth data very seriously.

# Web Application for Teachers & Case Managers

Educators, social-workers, counselors, & youth mentors now have a command center to oversee the social-emotional development of your kids. Our platform is driven by game mechanics and positive habit-forming so kids will want to take initiative.
