Empowering educators through data

Proliftic helps districts build a cohesive and coordinated system of supports. Through its exceptional user interface Proliftic:

- Promotes **systematic implementation** of multi-tiered system of supports programs
- **Provides feedback** on essential system components, promoting communication and continuous improvement
- **Focuses on student growth for all stakeholders** reporting at the student, class, grade, school, and district level with advanced filtering and disaggregation

Best-in-class implementation & ongoing support

Our focused implementation and support process is designed to ensure you are able to effectively harness the power of available data and get the most impact from your investment. Our team is here to get you up and running, and is dedicated to your ongoing success.

Onboarding Advantage

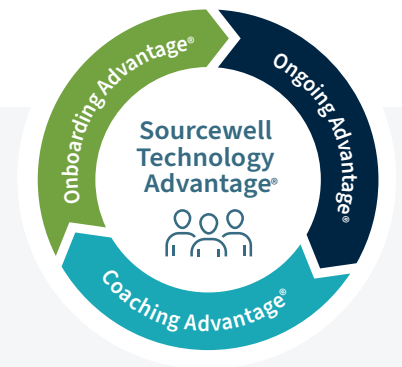

Our high-touch process begins with a discovery of your goals for Proliftic implementation and use. We inventory your assessments, ensure accurate and complete data loading, work with you to create a rigorous, customized intervention bank, and provide prebuilt one-click reports. Includes initial training.

Ongoing Advantage

Once Proliftic is up and running, we offer twice yearly data consultation to assist with product use and program evaluation, and advanced training sessions to help ensure a robust implementation and strong outcomes for your district.

Coaching Advantage

This completely customized option offers the opportunity to engage with our experts on consultation or training to meet the unique needs of your district.
