

# Google Classroom Reporting

There's a world of insights waiting when you connect your Google Workspace with Schoolytics. After a short and simple setup with our team, your Google Classroom data will be structured, organized and ready to explore. You'll get unparalleled visibility into classroom trends, so you can support the teachers and students that need it.

Here's some of what you'll find in your data...

Google Workspace  
for Education

Google Classroom

## School Summaries

Visualizing assignments given and completed at each school helps you see the students and teachers that are excelling—and the ones that need more support.

Schools						
Search by name...						
FILTERS						
COLUMNS						
Drilldown	Student School	# Rostered Students	# Classes	Assignments Given	Assignment Completion (%)	Avg. Daily Active Students %
	MSB Elementary	19	25	423	67	87.09%
	HGWTS Middle	8	18	316	75	93.1%
	NS High	6	6	187	70	76.63%
	BFC High	5	6	97	49	56.29%

## Drill Downs

Drill down into all academic levels—each school, grade level, teacher, class, student, and assignment—to get the complete picture of your learning landscape.

Grade Level						
Search by name...						
FILTERS						
COLUMNS						
Drilldown	Student Grade	# Rostered Students	# Classes	Assignments Given	Assignment Completion (%)	
	5th Grade	7	12	204	72	
	4th Grade	7	18	292	66	
	3rd Grade	5	10	167	61	

## Workload Insights

By seeing all the assignments due from students across all teachers in a school, your school leaders can advise to help prevent student burnout and teacher frustration.

Student Work Load													
Assignments due per day													
Sun	Mon	Tue	Wed	Thu	Fri	Sat	Sun	Mon	Tue	Wed	Thu	Fri	Sat
01	02	03	04	05	06	07	08	09	10	11	12	13	14
15	16	17	18	19	20	21	22	23	24	25	26	27	28
29	30	31	01	02	03	04	05	06	07	08	09	10	11
12	13	14	15	16	17	18	19	20	21	22	23	24	25
26	27	28	29	30	31	01	02	03	04	05	06	07	08

### Monitoring and Alerts

Trigger pertinent, timely information delivered to the right people for swift action and fast interventions

### Dynamic Filters and Drill Downs

Filter every report to see your data structured your way, then drill down as far as you need to get the complete picture

### Staff and Student Notifications

Automate the reports of important classroom trends and patterns, assess student risk, and build student accountability

### Interactive Dashboards

No static dashboards here—ours are up-to-date and customizable, with interactive reports to explore data

Go beyond static visualizations and use your LMS data to take informed action. Make confident, thoughtful decisions with the highly-customizable Google Classroom Reporting from Schoolytics, and promote a data-driven culture at every level of your organization—from classroom instruction to curriculum planning and everything in between.

Let's chat about syncing your Google Workspace LMS data into Schoolytics for a no-risk trial period. Our team of data experts, trainers, and engineers will guide you every step of the way.
