About Skooli

Skooli is a 1:1 online learning platform that connects students directly with professional educators in an online classroom. Designed to accelerate student learning while promoting safety, Skooli provides students with unlimited support 24/7 as well as a 24-hour turnaround on assignment review. Students receive on-demand support from carefully vetted, licensed teachers in a digital classroom!

Setup with Skooli is easy

Skooli Unlimited is a simple, user-friendly interface that allows students to connect with online tutors with a single click. Students can learn and grasp difficult concepts from experts in an easy-to-use digital classroom anytime, and from anywhere.

For the sake of safety and ease, secure single sign-on can be enabled through Skooli Unlimited's integration with existing school LMS.

A fully managed online tutoring solution for Schools and Districts

1. On-Demand Tutoring Support

All of our tutors are vetted, certified educators. Students can log in to connect with a licensed teacher and receive instant help, anywhere, anytime.

2. Recorded Sessions for Added Security

All Skooli tutoring sessions are recorded, providing students the ability to play back and review the sessions at any time. This improves efficacy while also ensuring the safety and academic integrity of students in the digital classroom.

3. Student Support

Your students receive technical support from Skooli through email and chat. We can help with login, platform best practices, and tips for getting the most out of the platform.

What you need to know

Our Online Tutors

Our network consists of 20,000+ carefully vetted school teachers with decades of experience in their subject area. Our unique rating system allows students to rate tutors after each session. This ensures that the quality of our educator network is guaranteed by the most important people - the students using it.

Our Technology

Skooli is a secure learning space for students and educators to connect. Our platform leverages WebRTC technology that works across a range of devices and browsers for maximum accessibility. We offer a comprehensive suite of modern online learning tools including a virtual whiteboard for dynamic instruction.

Our Track Record

Skooli has a proven track record of helping students learn complex concepts and improve grades in a digital classroom. We work closely with schools and school districts throughout the United States to provide equitable and scalable online tutoring support. We've helped thousands of students at different levels and with unique needs.
