

2017-2018 IMPACT REPORT

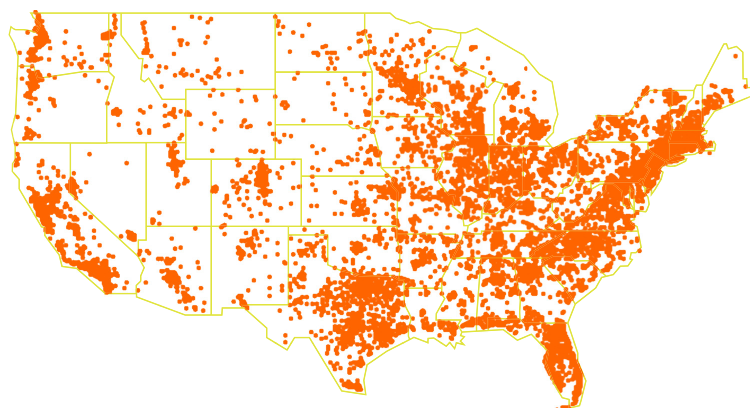

30 million children struggle to read

Learning Ally transforms the lives of children with learning disabilities by providing reading interventions to help them succeed academically, build self-confidence, and thrive in school and beyond.

We now reach over

375,000 students
62,000 educators
15,000 schools

across the country.

Learning Ally Works!

In a national survey of educators, more than 85% agree because of Learning Ally:

> Students take greater ownership of their learning.

> Students better comprehend grade level texts.

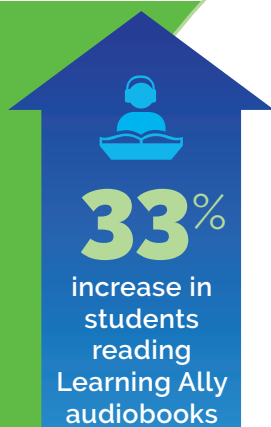

> Students achieve academically.

2018 educator survey N=1900

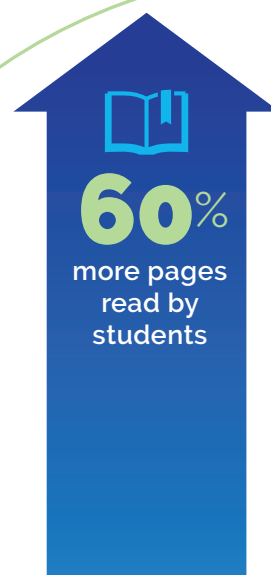

"How amazing it is that Learning Ally not only has popular audiobook titles that kids want to read, but they also have audiobooks of our textbooks! My students who are decoding at a 1st grade level can now comprehend their 9th grade literature."

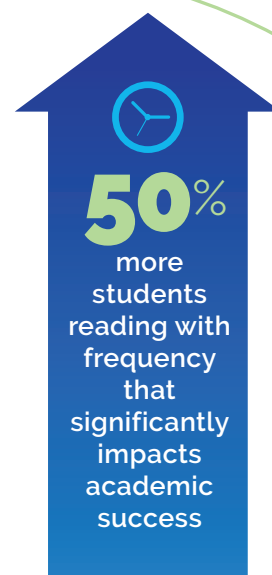

Lindsay Y., SPED teacher, California

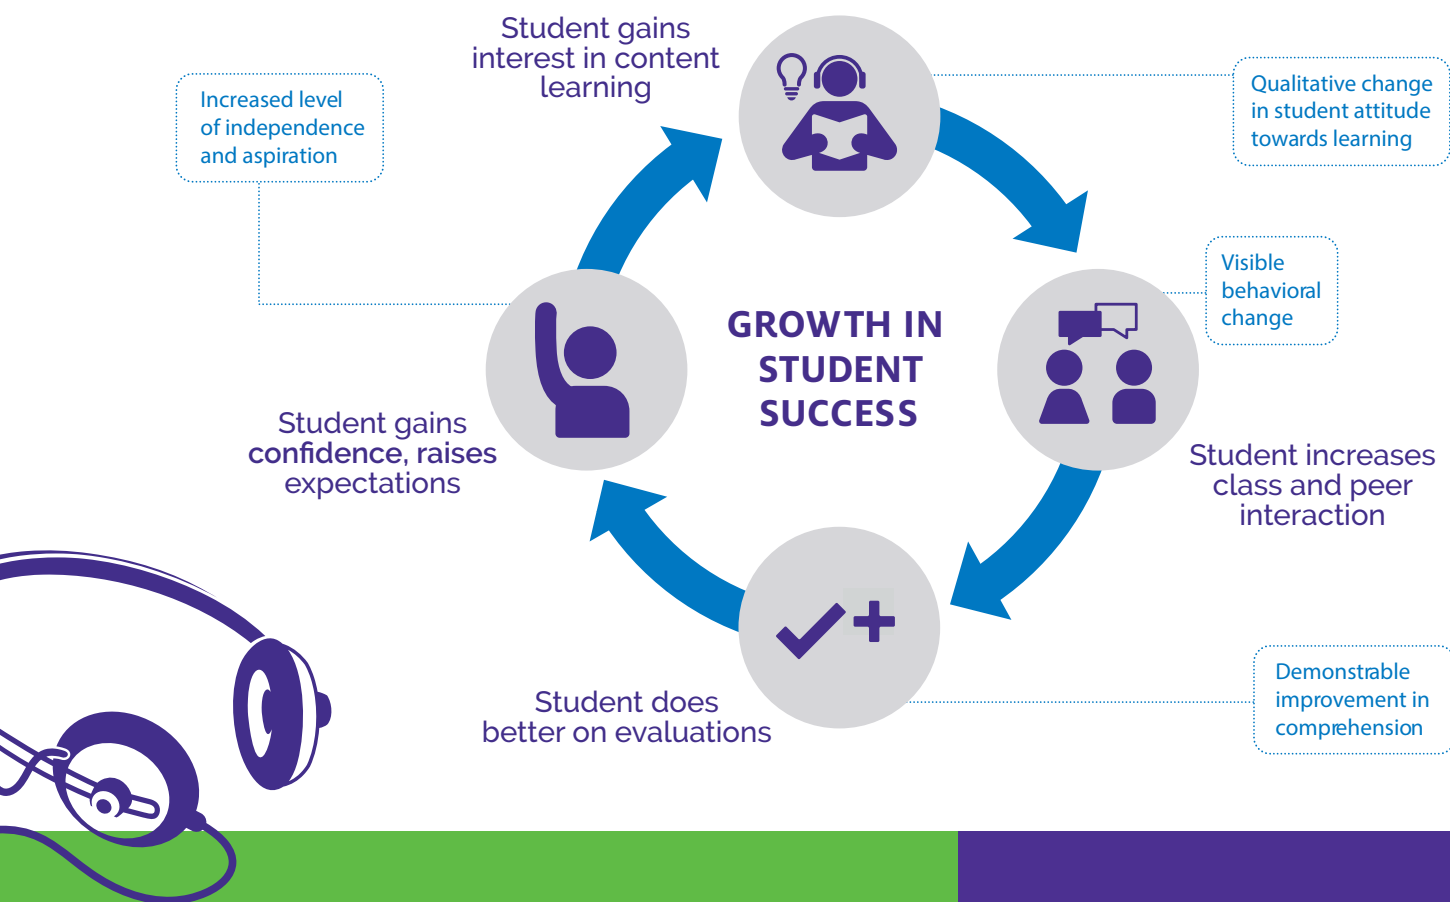

2018 vs. 2017

"Currently I am junior working on my bachelors in public policy. Learning Ally has been a tremendous help and resource for me both the audiobooks and the College Success Program. I started using Learning Ally when I was 9, and without it I would not have been able to make it this far in school."

Cooper A.
