Advanced features for teams of teachers

Collaborate with other teachers of awesome

Making learning awesome gets even **better together**! In Kahoot! for schools, you can co-create, edit and share learning games together with other teachers from your department, school, or even district in a private team space.

Save time and get organized

Use the **folder feature** to organize your personal games in My Kahoots and school's kahoots in the team space by subject, grade, department or other criteria. Your team space serves as your **school's kahoot bank** that current and future teachers can access, so Kahoot! for schools will save you time on finding relevant learning games.
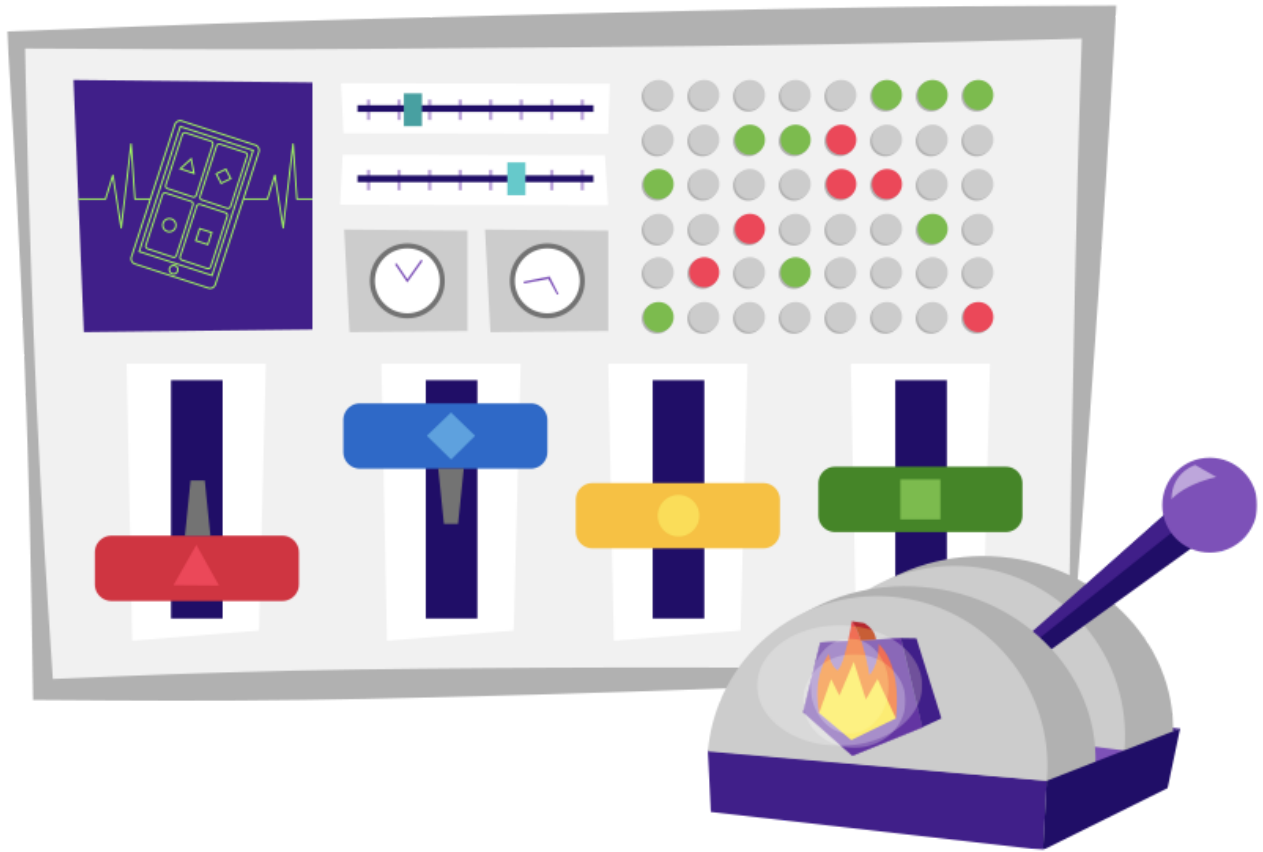

View and share detailed reports for formative assessment

Kahoot! Plus and Pro for schools include detailed, visual reports that will support formative assessment and help you **improve student learning outcomes**. Just like kahoots, reports can also be shared between educators and school admins.

Unlock advanced game creation in Kahoot! Pro

As part of Kahoot! Pro for schools, you get access to advanced, time-saving game creation tools. Choose from **millions of royalty-free images** for your kahoots from our image library. In our tests, it helped to create kahoots 3 times faster on average.

Our promise: Kahoot! is free forever for school teachers

It's our commitment to keep Kahoot! free forever for school teachers, so Kahoot! for schools is an optional upgrade. As a school teacher, you can still **use Kahoot! for free** – and so can your students. We'll continue improving Kahoot! as part of our mission to make learning awesome.
