THEN \$399/YR
(\$265 SAVINGS)

Your New Home for STEAM & Coding

Everything you need to teach engaging, impactful lessons. Online coding platform, interactive K-8 lesson plans, formative assessments, project sharing, customer support—it's all here. Just add teacher.

With SAM Studio, educators and students can code, create, and collaborate all on one platform. It's easy to access, intuitive to learn, and engaging to use. SAM Studio is your one-stop-solution for STEAM & coding.

FEATURES AND BENEFITS

Group your students with a few easy clicks. Spend more time with your students, and less time managing accounts.

Comes with two coding options suitable for beginner and intermediate coders, plus curriculum to match. No more changing platforms for each grade level.

With a few clicks you'll be able to save, share, and show-off your students' remarkable projects!

Pair with SAM Blocks to bring project-based learning to life, or use the virtual blocks inside SAM Studio to get started on-screen right away.

The All-in-One STEAM & Coding Platform for K-8

It's not just a coding platform. Curriculum, support resources ... it's all in one place with SAM Studio.

Standards-Aligned Curriculum

Access all of SAM Labs' research-backed and evidence-based STEAM & coding curriculum, directly from SAM Studio.

Integrated Support

With SAM Labs, you don't have to do it alone. Our support team of former educators is here to empower you to do what you do best: teach!

BRING STEAM AND CODING TO LIFE

Powering educators with our **online learning platform**, standards-aligned **curriculum**, Bluetooth-connected **hardware**, and educator **support**.
