GoGuardian Admin™

Create safer digital learning environments with a multi-layered filtering solution powered by advanced machine learning.

GoGuardian Teacher™

Gain a view into student activity and control over devices with an easy to use classroom management tool.

GoGuardian Beacon™

Discover which students are silently suffering with a suicide prevention tool built just for schools.

GoGuardian Fleet™

Manage, track, and maintain your entire Chromebook deployment.

Products like GoGuardian have made this round of technology much easier for us and taken away a lot of our fears of the newest technology.

When you look at our classrooms today...the students are exciting time because we've had the promise of persona for years and we're actually starting to get there now.

Roy Richardson
IT Admin, Troy Public Schools
