How It Works

Set Up Your Account

Create your profile, add classes and students, and set individual WPM goals or use our expert recommendations

Begin Assessment

Select a student, pick a pre-loaded passage (or upload your own) and print a copy for your student to read

Track Errors

Listen while your student reads and tap to mark mistakes as you conduct an assessment in the app

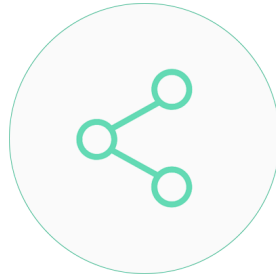

Real-Time Analytics

The app automatically calculates WPM score, tracks the specific words missed and number of errors

Smart Diagnostics

Our ThinkMeasure technology analyzes phonetic patterns to generate diagnostics for developing individualized instruction plans

Track and Share Data

Data is automatically recorded and stored securely to track student progress over time

Why ThinkFluency

Saves Time

Say goodbye to pencil, paper and a stopwatch. Streamlined assessment, data collection and reporting means more time for what matters.

Smart

Powered by ThinkMeasure technology, automatically generate diagnostics to create personalized instruction plans

Customizable

Use our exclusive passages or customize and add your own.

Compatible

Works with Apple smartphone and tablet devices — iPad and iPhone.

Real-Time Results

Analytics and diagnostics are done in real-time so you'll have results immediately at your fingertips.

Easy to Use

Download the app and start assessing in minutes. Share results in a few quick taps.

Secure & Stable

Account-based and stored safely on the cloud, you'll never lose your data.

Built for You

Designed by a teacher specifically for teachers.

Track a Student's Progress **Over Time.**
