TOP TYPING AGENT FEATURES

A PERSONALIZED LEARNING EXPERIENCE FOR STUDENTS

Set your students up for success with our adaptive curriculum, delivering the perfect keyboarding curriculum pinpointed to each of your student's individual proficiency level

of your students' individual proficiency level at just the right time.

POWERFUL REPORTING CAPABILITIES FOR SCHOOLS & DISTRICTS

Whether you're a teacher or a district admin our reporting is the best in the biz. Get detailed reporting at the student, teacher, class, school or district level. Use our custom reports tool and get insights at a glance with our Reports Dashboard.

PREPARE STUDENTS TO BE STELLAR DIGITAL CITIZENS

Our Digital Citizenship Curriculum will prepare your students to be discerning Digital Citizens! Complete with Teacher Guide, interactive student quiz, exciting super hero themed videos, and much more!

EXCITING TYPING GAMES & INCENTIVES FOR STUDENTS

Boost your student's learning with keyboarding gamification. As students progress through their keyboarding lessons they earn badges, GritCoins, and Experience Points to play exciting games, unlock levels, customize their avatars and more.

CHALLENGE STUDENTS WITH TYPE CODE LESSONS

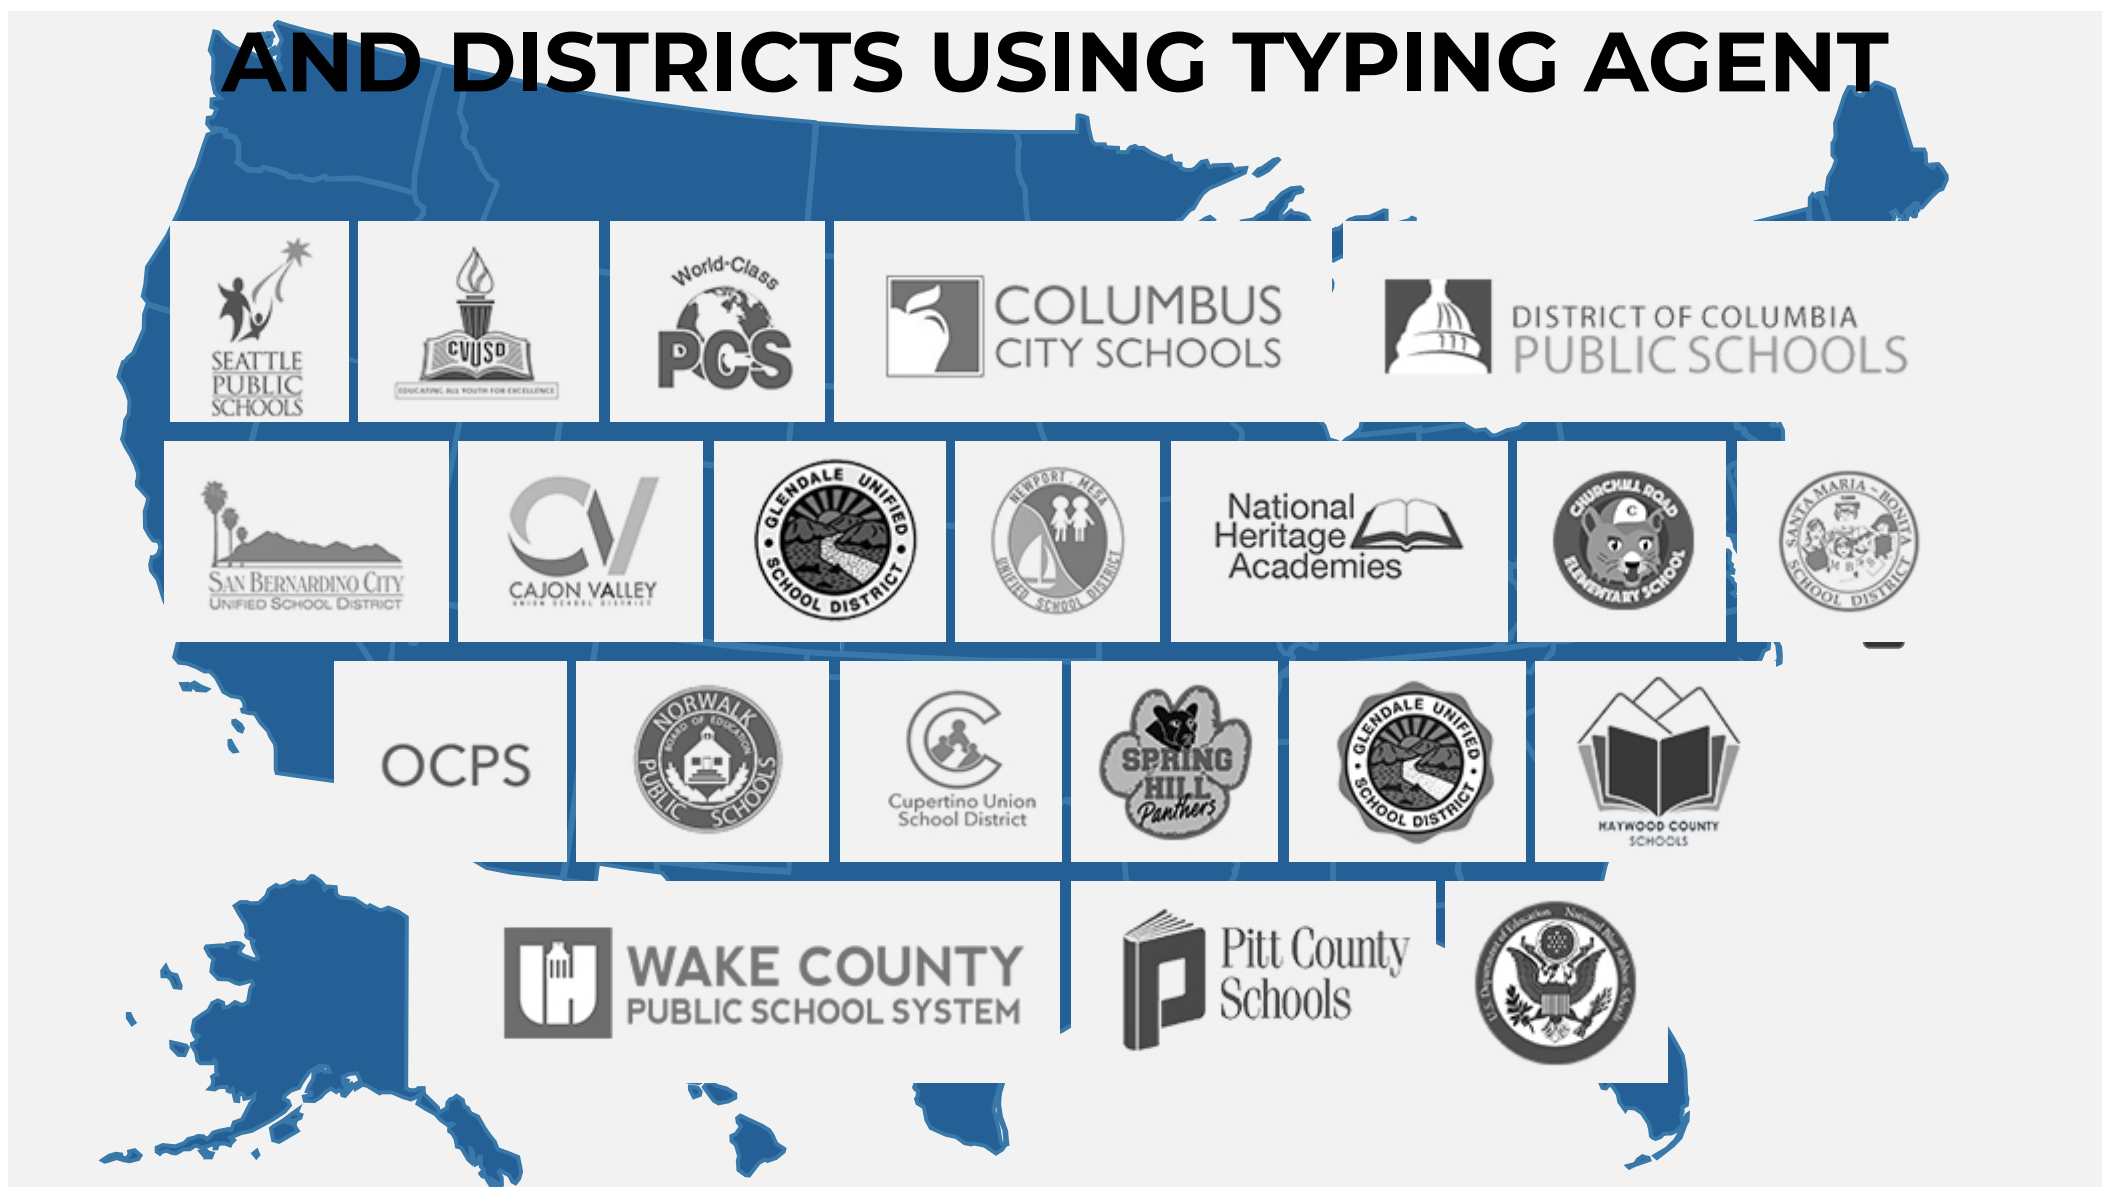

Keyboarding and typing code are all about the art of accuracy so it makes perfect sense to introduce the concept of typing code with keyboarding. Students are introduced to the concept of coding, type HTML, Java Script Python, and build their own keyboarding game.

TEACHER TESTIMONIALS

Susan P.
Seaman SD

Our district is using Typing Agent. It is an amazing program for us and our students in the district. The feedback I receive from

Carolyn
A happy teacher

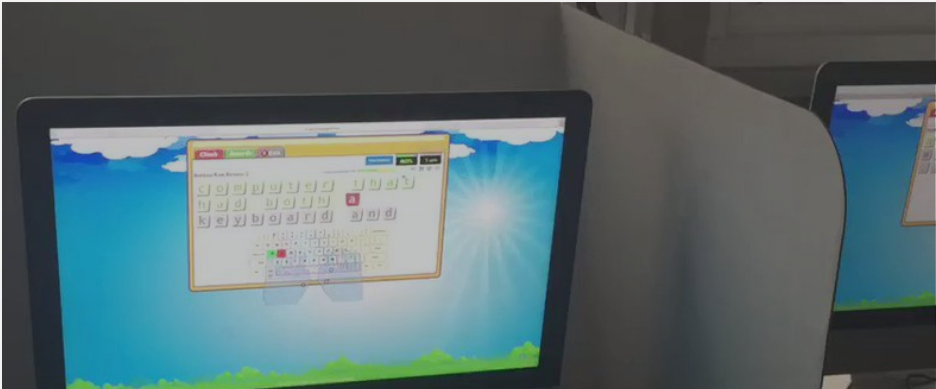

Typing Agent has worked seamlessly and has am support. It's been my go to when other stuff has not

teachers expressed that students were much more engaged in keyboarding and would even practice after hours.

at least for grades 3-5.
