STEPS FOR SHARING MAP GROWTH DATA WITH EDUCATION GALAXY

STEP 1

You must have the District NWEA Admin complete the following steps.

STEP 2

Log into the MAP Growth Administration site:
<https://teach.mapnwea.org>.

STEP 3

Select Manage Data Partners from the available options in the left hand navigation.

STEP 4

Select Education Galaxy from the available options.

STEP 5

Check the boxes to indicate you have read and agree to the terms of the Data Sharing Agreement and have authority to authorize the data share. Clicking ACCEPT AGREEMENT will authorize data sharing with Education Galaxy.

STEP 6

Once the agreement has been accepted a green check mark will appear next to Education Galaxy.

Once you have added Education Galaxy as a Managed Data Partner, please notify us at info@educationgalaxy.com. This will allow us to complete the integration.

After the integration is completed, we will notify the School Administrator and you can proceed with the steps on the "For Education Galaxy Administrator" section of this PDF. After students are linked, their Adaptive Liftoff Diagnostic Test will begin at their NWEA assessed grade level.
